

To Thank Each of You,

The Charlotte County Department of Social Services, along with the Welfare Board, extends our deepest gratitude for your contribution to our Emergency Centers. We were able to provide meals and snacks to God's Pit Crew. They were busy helping citizens impacted by the storm with clean up.

Charlotte County also appreciates your food, water, monetary donations and other donations that helped with our shelters. Your kindness and generosity helped citizens survive many days without electricity.

Your willingness to help was so welcoming and we simply wanted to say thank you. You definitely made an unpleasant situation bearable.

Warmest regards,

Charlotte County Department of Social Services Director, DSS Staff & Welfare Board
